Audio Release Authorization Form

The federal law indicates that covert audio listening devices can only be used by government agencies. Since the federal law supersedes differing state laws, all USA buyers must comply.

If you are not affiliated with such agencies, only lawful way of operating covert audio listening devices is to use it within the supervision of authorized agencies such as law enforcement, use in a non-surreptitiously or with the consent of the person who is being recorded.

For example, you can listen in to your babysitter using a nanny camera with audio upgrade but you have to let the person know that he or she would be subjected to audio listening device at your home.

If you would like to purchase any covert audio listening devices, you must print, complete & sign this page and fax to us at **212-214-0788** or scan the completed form and send support@spyassociates.com
Thanks for your cooperation.
